

Safety Innovation

When submitting your entries please try to give as much relevant and concise information as possible. This will enable the judges to fully understand your nomination, and to assess it fairly against other entrants.

Who can enter?

Any demolition contractor or sub-contractor operating in the UK.

What the judges are looking for:

This category recognises any company at the forefront of safety innovation. Excellence may be demonstrated through a new initiative, campaign, tool, system or process. Innovations should benefit individual workers, fellow site workers and/or the general public.

What to include

- A description of the safety innovation
- How will the innovation benefit specific projects including specific health and safety advantages
- How the innovation could be utilised on a wider scale to benefit the wider industry
- Full response to each key point. You are encouraged to include client testimonials
- Up to six hi-res photographs
- Your company logo
- You can also include a video (where appropriate) of up to 100MB in size

Your Organisation name:	
Your Name:	
Your Email Address:	
Contact Number:	
Nomination Summary: Please give a summary of the nominee, even if it is your own organisation and why you/they deserve to win. (Max 200 words):	
Nomination detailed statement: Please submit a statement that addresses the key points the judges are looking for. (Max 1,000 Words – Use additional sheet as necessary)	

All entries to be submitted by 24 June 2018.

Entries to be sent via email: jessica@chambers.media or via post to British Demolition Awards, c/o Chambers Media Ltd, Unit 1, Chatsworth House 39 Chatsworth Road Worthing West Sussex BN11 1LY.
